About Othona

Nestled in the heart of Essex, near Bradwell-on-Sea, lies Othona, a unique centre seeped in history and surrounded by all that nature has to offer.

Originally founded in 1946 as a way of providing a safe environment that enabled people of different faiths, backgrounds and cultures to meet following World War Two, it continues to provide opportunities for work, worship, study and play.

At Othona we value the principle of sustainability. Our site is off-grid, with solar panels, a wind turbine and a biomass boiler and where possible our food is grown in our gardens in a growing 'garden to table' culture.

Away from the hustle and bustle of everyday life, Othona encourages people of all ages from all backgrounds to come and simply 'be'.

We will be very pleased to welcome you to our special Centre. Please visit our website and contact us directly for further information:
