

My name is Warren Douglas, I am a new Link Trustee for Othona West Dorset.

I have been an Othona visitor for 12 years having been introduced to Othona by my then partner now wife Jane who herself has a longer connection with both Othona in Dorset and Bradwell both as a visitor and host of media weeks.

My stepdaughter Eleanor and her husband Tom have recently become the joint caterers at OWD and my stepson George hosted a week there earlier this year.

My day-to-day life is spent as a practising Commercial Property Solicitor in South Devon. I reside in Plymouth with my wife Jane and our cat Galahad who also has Othona in his blood (he's Otto's brother).

My outside interests include cycling, philosophy, classic cars (keeping my MG going) and I'm an active member of Exeter 41 Club as an ex Round Tabler.

I am looking forward to becoming acquainted with the Bradwell operation as well in my new role and helping the Othona family on its continuing journey.
